

PREMIUM MOTORS OIL

Premium Motors Oil motor oils provide excellent performance for today's gasoline-powered cars, trucks, and vans. They are formulated to provide clean engines and excellent control of sludge and other engine deposits that form due to high engine temperatures and combustion exhaust gases. Selected anti-wear additives are used to reduce wear and extend service life.

Premium Motors Oil motor oils exceed the requirements of MIL-L-46152E, Ford M2C153H, GM-6048 M, Detroit Diesel requirements, and all light-duty diesel engines. Premium Motors Oil.

These oils are suitable wherever API SP service category is required. Premium Motors Oil 5W-20, 5W-30, 10W-30, 10W-40, and 20W-50 motor oils are semi-synthetic formulas and meet ILSAC GF-6A requirements for use in passenger car engines.

Premium Motors Oil engine oils also provide excellent performance in engines running on LPG fuel.

Premium Motors Oil engine oils are specially designed for today's high-performance, high-temperature engines. Premium Motors Oil 20W-50 engine oil helps protect turbocharger bearings from seizure and scorching due to high temperatures. Suitable for use where API SN engine oils are recommended.
